

# LEVEL 3<sup>®</sup> MEDIA PORTAL

## REAL-TIME VISIBILITY AND CONTROL FOR VYVX SOLUTIONS

Today's fast-changing business environment can make managing your business challenging. With anytime, anywhere access, the Level 3<sup>SM</sup> Media Portal can offer you complete control over your Level 3<sup>®</sup> Vyvx<sup>®</sup> Solutions. Our comprehensive service monitoring, reporting management and booking tools help you evaluate the delivery, quality and integrity of the content you are transmitting — from point of origination to its final destination. Designed to be extremely easy to use, yet robust enough to meet your growing needs, the Level 3 Media Portal gives you the confidence and peace of mind you need to be successful.

### Business Solutions

**Real-Time Reservations Management:** With our 24 x 7 portal capabilities, you can quickly and easily book fiber transmissions in real time, saving your company time and money by ordering online. Check network availability and create a new domestic fiber booking, confirm inquiries, and modify and cancel fiber bookings in one convenient location.

**Robust Reporting:** Manage your services through the portal's intuitive reporting capabilities. Access fiber, satellite and teleport order status, circuit and charges reports anytime, anywhere.

**Advanced Scheduling:** Book video feeds up to six months in advance. Our network and equipment resources are reserved and guaranteed for you upon booking of the feed. As your business needs change, you can easily cancel or modify your reservation mere minutes prior to scheduled start time.

**Scalable Feed Distribution:** Get an instant reach into the marketplace by publishing a feed and distributing it to your affiliates in real time. Alternatively, your affiliates can subscribe to those feeds to meet the needs of their local markets.

**Easy Account Management:** Effortlessly manage your video services with the portal's intuitive user interface. Control account permissions and view your Vyvx invoices all in one location.

## Technical Features / Capabilities

- Book new fiber
- Confirm, modify, cancel or "good night" bookings
- Generate fiber, satellite and teleport order status and circuit reports
- View Vyvx network topology via the Local Interconnectivity Directory (LID) capability
- Validate your fiber, satellite and teleport charges against your invoices
- Designate circuits as private or public
- View invoices

**Manage your services through the portal's intuitive reporting capabilities. Access fiber, satellite and teleport order status, circuit and charges reports anytime, anywhere.**

## Why Choose Level 3 Media Portal?

**Comprehensive View of Your Services:** The Level 3 Media Portal offers a wide range of self-service tools that allow you to manage your Vyvx services all in one portal.

**Real-Time Order Status:** Level 3 offers up-to-the-minute statistics and reporting capabilities for your Level 3 media services.

**Security:** The portal is designed to provide secure and private access with two tiers of authentication to help ensure the protection and integrity of your network data.

**Reservation Search**
